### Languages

Spanish (mother tongue).

English (upper intermediate level).

### Facts of interest

I am really fond of learning and sharing new skills. I believe organization and attention to detail are the basis of a solid work. I consider myself responsible, with a strong desire for improvement.

I really enjoy music, films and TV series (I have a soft spot for opening title sequences and I always watch the making-of features). In my free time I practice magic, ice skate, and dance swing.
